

After Thorough Trial a Detroit, Mich., Man Endorses Pe-ru-na

The following letter written from Detroit, Michigan is no snap judgment expressed on the merits of Pe-ru-na, the well-known cathartic remedy, but rather a mature, sober opinion formed after a full year's trial.

This is the way Mr. Michael Fako of 908 East Palmer Avenue, in the Michigan Metropolitan, writes: "After using PE-RU-NA for about one year I can say I have found it a very good medicine for catarrh. It has helped me a great deal and I am very well satisfied. I have gained in weight, eat and sleep well, my bowels are regular and better color in my face."

"PE-RU-NA has done wonders and to me is worth its weight in gold. I shall continue to use PE-RU-NA as long as I live and recommend it to my friends who are troubled with catarrh. Nothing can be more convincing than an endorsement of this nature from an actual user. There are many people in every community whose experience in using Pe-ru-na has been identical with Mr. Fako's. It is the standard for coughs, colds, catarrh, stomach and bowel disorders and all catarrhal conditions. Put up in both tablet and liquid form. SOLD EVERYWHERE."

MISSOURI State News

Missouri Boy Is Italian Nobleman.

St. Mary's, Mo.—Anthony Zulpo, born in St. Mary's, Ste. Genevieve County, has fallen heir to a fortune and title in Italy. From a private in the United States Marine Corps to a Count in the Italian nobility, with great estates and an income said to be many thousands a month, has been the overnight experience of this Missouri boy, who is stationed at Marine Corps Headquarters at Washington, D. C., and who will serve out his enlistment before starting for Italy to claim his new honors. His service period expires in November, so he will not have long to wait.

Zulpo's story reads like a page from a romantic novel, and is filled with the story of the feuds of the Piedmontese nobility. Impetuous love and an elopement from the castle of the famous Count of Ceretti, in which the heiress of the Count fled with a Colonel in the Italian Army to escape paternal restrictions.

A few weeks ago the Count, from whom the eloping couple fled, died in Italy, and his grandson, born in this country and a private in the Marine Corps, has been informed that he is sole heir to the title and great estate. Private Zulpo is 25 years old and was born in St. Mary's, Mo.

Gardner, who had come from Jefferson City to act as finish judge.

Exactly half of the states in this country were represented in the race, which did much to raise public interest in a sport little known here, but widely popular in European countries, especially Belgium. Two of the feathered speedsters, released respectively at Marion and Columbus, Ohio, bore messages from the presidential candidates to Missouri's executive. Each of the other homing birds carried brief notes to Governor Gardner from the mayor or other officials of the place from which it was flown.

Look Out for Rheumatism As Winter Approaches

So many cases of Rheumatism come from a tiny disease germ that infects the blood, that physicians are beginning to realize that this source of the disease is becoming quite prevalent. Of course a disease that has its source in the blood cannot be reached by local remedies applied to the surface. One remedy that has given splendid results in the treatment of Rheumatism is S.S.S., the fine old blood remedy that has been sold by druggists for more than fifty years. S.S.S. acts by driving out of the blood the disease germ that causes Rheumatism, thus affording real relief. Begin taking S.S.S. today and if you will write a complete history of your case, our medical director will give you expert advice, without charge. 'It's a play that any girl could take her mother to.'"
